

EXETER SCHOOL BOARD GOALS FOR 2013-2014.

The Board will actively participate in the SAU wide Safety Committee and it will support the on-going development of safety and security initiatives at district schools.

The Board will continue to assess the transition process used from grade 5 to grade 6. Plus, tie that process in with the communication component of the SAU wide Strategic Plan.

The Board will continue to review the layout of parking, road ways, and playgrounds at MSS and LSS. Recommendations for upgrades and methods of financing will be part of this process.

The Board will continue to examine the demand for, and the feasibility of an all day kindergarten program.

The Board will closely examine how the Common Core is be implemented. Specific attention will be focused on: 1. How mandated assessment is developed and implemented. 2. How Administrators and Directors of Instruction are supporting the mandated program. 3. How are teachers being incorporated into the process?
